Year 3 Maths Activity Mat

Section 1

Recombine these digits together to find what they make:

2 **900** **90**

Section 2

8 + ☐ + 600 = 658

7 + ☐ + 30 = 937

Section 3

Complete the calculation:

82 - 37 = ☐

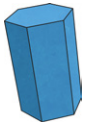
Section 4

Match up the 3D shapes to their names:

Square-based pyramid

Hexagonal prism

Triangular prism



Section 5

24 = ☐ x 3

9 x ☐ = 45

☐ ÷ 3 = 7

Section 6

One box holds 12 cakes. How many boxes are needed for 48 cakes?

☐

Section 7

Convert these kilograms to grams.

$2\frac{1}{4}$kg = ☐

$1\frac{3}{4}$kg = ☐

Section 8

Use the written formal method to answer:

55 x 4 = ☐

Year 3 Maths Activity Mat: 2

Answers

Section 1

Recombine these digits together to find what they make:

2 **900** **90**

992

Section 2

8 + **50** + 600 = 658

7 + **900** + 30 = 937

Section 3

Complete the calculation:

82 - 37 = **45**

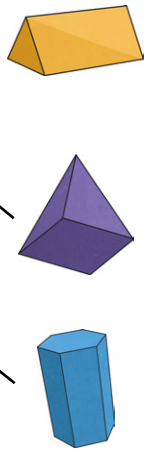
Section 4

Match up the 3D shapes to their names:

Square-based pyramid

Hexagonal prism

Triangular prism



Section 5

24 = **8** x 3

9 x **5** = 45

21 ÷ 3 = 7

Section 6

One box holds 12 cakes. How many boxes are needed for 48 cakes?

4

Section 7

Convert these kilograms to grams.

$2\frac{1}{4}$kg = **2250g**

$1\frac{3}{4}$kg = **1750g**

Section 8

Use the written formal method to answer:

55 x 4 = **220**
