

Maths Activity Mat

1

Section 1

Start at 20 and count on in multiples of 10. What will be the fifth number you count?

Section 2

Calculate the following in your head:

$21 \times 2 =$

$30 \times 10 =$

$14 \times 2 =$

Section 3

Calculate:

$35 \div 5 =$

$12 \div 3 =$

$27 \div 9 =$

Section 4

A cricket club has 128 members. 12 members leave and 7 more members join. How many members are there now?

Section 5

Write these words as digits:

Four hundred and twenty eight

Three hundred and three

Six hundred and ninety one

Section 6

Write the following as a number sentence and then find the answer:

Sixty children sit in three equal rows. How many children are there in each row?

Section 7

How many minutes are there in four and a half hours?

Section 8

Draw a 2D shape with one set of parallel lines.

Maths Activity Mat: 1

Answers

Section 1

Start at 20 and count on in multiples of 10. What will be the fifth number you count?

70

Section 2

Calculate the following in your head:

$21 \times 2 = 42$

$30 \times 10 = 300$

$14 \times 2 = 28$

Section 3

Calculate:

$35 \div 5 = 7$

$12 \div 3 = 4$

$27 \div 9 = 3$

Section 4

A cricket club has 128 members. 12 members leave and 7 more members join. How many members are there now?

123

Section 5

Write these words as digits:

Four hundred and twenty eight

428

Three hundred and three

303

Six hundred and ninety one

691

Section 6

Write the following as a number sentence and then find the answer:

Sixty children sit in three equal rows. How many children are there in each row?

$60 \text{ divided by } 3 = 20$

Section 7

How many minutes are there in four and a half hours?

270 minutes

Section 8

Draw a 2D shape with one set of parallel lines.

Correctly drawn shape with parallel lines
