

Year 4 Maths Activity Mat

2

Section 1

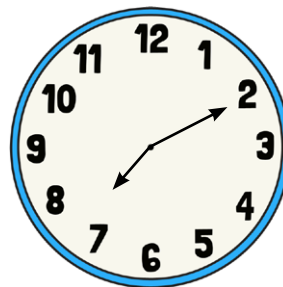

A wedding ceremony begins at 2.26pm. It ends at 3.15pm. How long does it last?

Section 3

A hose uses 100 litres of water in 10 minutes. How much water is used in 3 minutes?

Section 4

Write the time in words and numbers.

numbers:

words:

.....

.....

Section 2

Draw coins to make 62p.

Section 5

Fill in the missing boxes:

÷ 3 = 9

÷ 6 = 4

Section 7

Draw a shape with at least one vertical line and one horizontal line.

Section 8

Work out:

$$\begin{array}{r} 4 \overline{) 92} \end{array}$$

Section 6

Change these amounts of money from pence to pounds.

115p =

272p =

Year 4 Maths Activity Mat: 2

Answers

Section 1

A wedding ceremony begins at 2.26pm. It ends at 3.15pm. How long does it last?

49 minutes

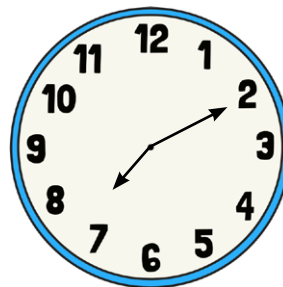

Section 3

A hose uses 100 litres of water in 10 minutes. How much water is used in 3 minutes?

30 litres

Section 4

Write the time in words and numbers.

numbers: 7:10

words: ten minutes past seven

Section 2

Draw coins to make 62p.

Example:

Section 5

Fill in the missing boxes:

$$\boxed{27} \div 3 = 9$$

$$\boxed{24} \div 6 = 4$$

Section 6

Change these amounts of money from pence to pounds.

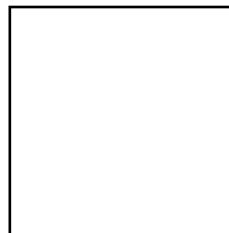

$$115\text{p} = \boxed{\text{£}1.15}$$

$$272\text{p} = \boxed{\text{£}2.72}$$

Section 7

Draw a shape with at least one vertical line and one horizontal line.

Example:

Section 8

Work out:

$$\begin{array}{r} 2 \quad 3 \\ 4 \overline{) 92} \end{array}$$
