

Year 4 Maths Activity Mat

5

Section 1

Fill in the equivalent fractions.

$\frac{11}{25}$ is equal to

$\frac{3}{8}$ is equal to

Section 2

Divide each number by 100.

75 $\longrightarrow$

3 $\longrightarrow$

Section 5

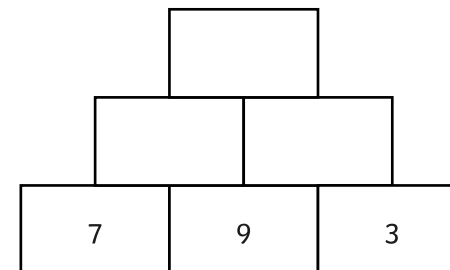

Convert these:

1800mm = m

400mm = m

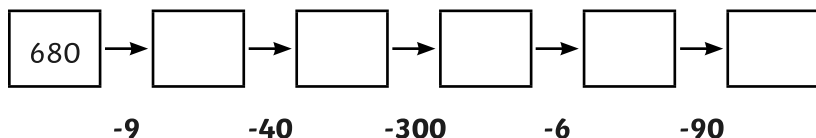

Section 6

Multiplication Pyramid:

Section 3

Complete the chain:

Section 7

Count on 2 from -5.

The answer is:

Section 8

Draw a scalene triangle inside an equilateral triangle.

Section 4

Order the decimals from smallest to largest:

7.16 7.84 7.08 7.32 7.09

----------------------	----------------------	----------------------	----------------------	----------------------

smallest largest

Year 4 Maths Activity Mat: 5

Answers

Section 1

Accept other equivalents. E.g.

$$\frac{11}{25} \text{ is equal to } \boxed{\frac{44}{100}}$$

$$\frac{3}{8} \text{ is equal to } \boxed{\frac{9}{24}}$$

Section 2

Divide each number by 100.

$$75 \longrightarrow \boxed{0.75}$$

$$3 \longrightarrow \boxed{0.03}$$

Section 5

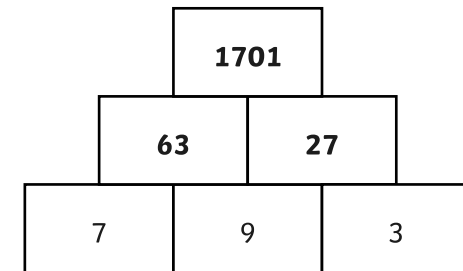

Convert these:

$$1800\text{mm} = \boxed{1.8\text{m}}$$

$$400\text{mm} = \boxed{0.4\text{m}}$$

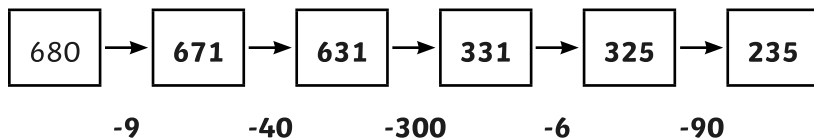

Section 6

Multiplication Pyramid:

Section 3

Complete the chain:

Section 7

Count on 2 from -5.

The answer is: -3

Section 4

Order the decimals from smallest to largest:

7.16 7.84 7.08 7.32 7.09

7.08	7.09	7.16	7.32	7.84
------	------	------	------	------

smallest largest

Section 8

Draw a scalene triangle inside an equilateral triangle.
